

Name: Kurosh Gharagozli M.D.

Date of birth: June, 26 1960.

Place of birth: Tehran, IR of Iran

Gender: Male

Nationality: Iranian

Marital status: married and have two sons and one daughter.

Work Address: Loghman Hakim Medical Center, 13336 Kamali st.

Tehran IRAN

Tel: 0098-21- 55417243

Fax: 0098-21-55418914

Email: gharagoz@sbmu.ac.ir

Educational and Professional Background

2010-present: professor of neurology Shahid Beheshti Medical University

2002- 2010: Associate prof. of neurology, Shahid beheshti medical university, Tehran, Iran

2009-Present President of Iranian Epilepsy Association Tehran, Iran

2003-Present Editor-in-Chief Iranian Epilepsy Journal Tehran, Iran.

2001-Present Editorial Board Iranian Journal of Neurology Tehran, Iran.

2004- Present Editorial Board Hamedan Journal of Medical Sciences .

1993-2002: Assistant Professor of Neurology , Shahid Beheshti University of Medical Sciences and Health Services, Tehran, IRAN.

1991-1993 Assistant professor of Neurology, Ahwaz Medical University , Ahwaz, IRAN.

1987-1991 Residency in Neurology, Loghman Hakim Medical Center, Shaheed Beheshti University of Medical Sciences, Tehran, IRAN.

1979-1987: Undergraduate Program at the School of Medical, Shaheed Beheshti University of of Medical Sciences, Tehran, IRAN.

1979 Diploma, Dr. Houshyar High School, Tehran, IRAN.

Employment

1999-Present Managing Director of medical Education, Loghman Hakim Medical Center, Shahid Beheshti medical , Tehran, IRAN.

1995-1999 Director of Education, Neurology Department, Shahid Beheshti University of Medical Sciences, Tehran, IRAN.

Related Professional Activities and Affiliations.

2013- present member of Iranian board examination of neurology.

2005-2009 Member of Iranian Board Examination of Neurology .

2002- Present Member of American Academy of Neurology.

2000-2009 President of Iranian Epilepsy Association .

1996-2005 Member of the Iranian Pre board Examination of Neurology .

1997- Present Member of Iranian Neurology Association.

Research Activities

Overall coordinator and main researcher of research Projects funded by Shaheed Beheshti University of Medical Sciences.

The Projects were:

- 1- Comparison of Sodium Valproate and Nortriptyline in Migraine headaches.
- 2- Investigation for Neurological complication of Manganese in its mine workers.
- 3- Correlation between clinical and neurological results in Carpal Tunnel Syndrome.
- 4- Heavy Metals in Patients of Multiple Sclerosis .
- 5- Changes of blood flow in Stode in territory of middle cerebral arteries.

- 6-Motor distal latency of median and ulnar nerves in normal volunteer .
- 7- Blood flow changes among patients with migraine in middle Cerebral arteries.
- 8- Botulinous toxin for control of Headache in patients with Migraine.
- 9- Investigation for finding correlation between stroke and Chlamydia Pneumoniae infections.
- 10- Electrocardiographic changes among patients with acute Non hemorrhagic stroke.
- 11-Epidemiological study of external ophthalmoplegia.
- 12- Investigation of risk factors in ischemic strokes.
- 13- Efficacy of citicoline on Prognosis among patients With ischemic stroke.
- 14- Evaluation of vertebral arteries blood flow incides in Normal subjects.
- 15- epidemiology of root lesion in patients wigh Low bacd pain .
- 16- Oral tolerance and its efficacy on control of multiple sclerosis.
- 17- Plasm level of prolactin and Testosterone among Iranian MS Patients .
- 18- Evaluation of blood flow changes of middle cerebral arteries in migraine without Aura during hyperventilation .
- 19- Comparison of usefulness of MSIS-29 and EDSS in MS patient
- 20- Role of add-on therapy by Levetiracetam in drug resistant patient suffering of complex Partial seizure.
- 21- Evaluation of efficacy of Gabapenthine in thalamic syndrome.
- 22- blood uric acid level in MS patients.
- 23- ABO blood type distributions in MS patients.

Papers Presented at Conferences outside Iran

- 1- MS and ITP as a coincidence (Case report)
6th congress of the European Federation of Neurological Societies October, 26-29,2002, Vienna, Austria
- 2-Multiple Sclerosis andd Heavy metals.
17th word congress of Neurology 17-22june 2001, London, England
- 3- Role of Pentoxophiline in stroke Prevention, 8th congress of the European Fedreration of Neurological Societies, Paris, September 4-7 2004
- 4- Incides of Middle Cerebral Arteries in normal subjects by Transcranial Doppler study.. 8th Congress of the EFNS, Paris , September 4-7 , 2004
- 5- Safety an efficacy of combination therapy with interferon-beta-1a and methotexate in worsening multiple sclerosis , 20th Congress of the European Committee for Treatment and Research in Multiple Sclerosis, Vienna, October 6-9, 2004.
- 6- Knowledge and attitude about Epilepsy among Iranian Population .
16th meeting of the European Neurological Society, 27-31 may 2006, Lausanne,Switzerland

Papers Presented at Coferences on Iran

- 1- Electrmyographic findings in diabetic patients
Iranian congress of endocrinology,1995 yazd , Iran.
- 2- Nicotinic acid in VBI patients.
Congress of internal medicine, 1996, Tehran, Iran.
- 3- Lamictal as add on therapy in refractory seizures 4th Iranian congress of Neurology and Electrophysiology .1996, Tehran, Iran.
- 4- Topiramate in drug resistant epilepsy
5th Iranian congress of Neurology. 1997, Tehran, Iran.
- 5-Food and Multiple Sclerosis

- 6th Iranian congress of Neurology. 1998, Tehran, Iran.
- 6- Clinical trial with Cyclophosphamide in ALS
- 7th Iranian congress of Neurology. 1999, Tehran, Iran.
- 7- Management of status epilepticus
- Iranian neurological meeting , 2000, Faculty of Medicine Tehran Iran.
- 8- Lamotrigine as add on therapy in Trigeminal Neuralgia
- 8th Iranian congress of Neurology. 2001, Tehran, Iran.
- 9-Transcranial flow changes in MCAs of Patients with MCA stroke
- 10th Iranian congress of Neurology. 2003, Tehran, Iran.
- 10-Comparison between MRI and Electromyographic findings in patients with radicular pain. Congress of Back pain, 2001 ,Tehran, Iran .
- 11- Outcome of surgery in patient under thymectomy suffered of Myasthenia Gravis 12th Congress of Neurology 26-29 April, 2005 Thran, Iran.
- 12- Characteristic feature of chronic non- traumatic Myelopathy Among Iranian Patients 13th Congress of Neurology 25-29 May 2006 Thran, Iran.
- 13- epilepsy and pregnancy: 15th congress of neurology 2008 tehran, iran
- 14- management of drug resistant epilepsy: 16th congress of neurology 2009 tehran

Consultant Appointments and Hospital Privileges

Consultant Neurologist of Aban general hospital.

Editorial in medical publications

- 1- Editor-in Chief: Epilepsy and health, Quarterly journal of Epilepsy.
- 2- Editorial Board member: Iranian Journal of Neruology
- 3- Editorial Board member:Medical Journal of Hamedan university of Medical Sciaences.

Publications:

- 1- Etiology of Multiple Sclerosis , review article ,Nabz Medical Journal 1993.
- 2- Diabetic Neuropathy in Iranian Patients , research article, Kerman University Medical Journal 1993.
- 3- Epidemiolgy of Epilepsy in Khoozestan, research article, Ahwaz University Medical Journal 1997.
- 4- A study of patient with GBS in Neurologic Wards. Research article, Teb Va Tazkieh Medical Journal 1994.
- 5- Exacerbation Factors in Patients of Migraine Headache, research article, Isfahan university Medical Journal 1997.
- 6- Clinical issues in Migraine Headache, research article, Ahwaz University Medical Journal 1998.
- 7-Neurological Complication of Chronic Manganese intoxication in Iran, research article , Pajouhandeh Medical Journal 1999.
- 8- Efficacy of clinical symptoms in diagnosis of carpal tunnel syndrome, research article, Pajouhandeh medical journal 2000.
- 9- Effect of Migraine on economic and social status of patients , research article, Tehran university Medical journal , 1998.
- 10- Psychological intervention in controlling epilepsy among children and youngs, Andeesheh Va Raftar 30, 2002
- 11- Association of chaamydia pneumoniae with acute stroke, reseach article, pejouhandeh Medical journal , 2002

- 12- Multiple Sclerosis: report on 200 cases from Iran, Multiple Sclerosis 2003.
- 13-Interferon Beta-1a and Intravenous Immunoglobulin Treatment for Multiple Sclerosis in Iran. European Neurology 2004.
- 14- Women and Epilepsy, book for general population 2002 .
- 15-Mitochondrial K – loop variation in Persian multiple sclerosis Patients: K and A haplogroups as a risk factor!!
Cell Mol Neurobiol. 2006 Mar; 26(2) : 119-25.
- 16-Complex I deficiency in Persian multiple sclerosis patients.
J Neurol Sci. 2006 Apr 15; 243 (1-2): 65-9.
- 17-A case report of Brain Millitary Metastasis Journal of Hamadan medical University. 2005 summer Vol. 12, No.2:64-67 .
- 18- Do haplogroups h and u act to increase the penetrance of Alzheimers'disease?Cell Mol Neurobiol. 2007 May;27(3) : 329-34 Epub 2006 dec 21.
- 19- Mitochondrial D- Loop Variation in Persian Multiple Sclerosis Patients: K and A Haplogroups as a Risk Factor !! cell Mol Neurobiol. 2006 May 6; [Epub ahead of print]
- 20- Effect of early interferon beta- 1a therapy on conversion to multiple sclerosis in Iranian Patients With aferst demyelinating event.
Acta Neurol Scand. 2007 Jun; 115(6):429-31.
- 21- Public Knowledge and attitudes toward epilepsy in Tehran.
The. Med. Uni Journal 2006 nov; vol 64, no.8:22- 30
- 22-Assessment of neuropsychological function in Multiple Sclerosis Therapeutics, 2011.
- 23-Knowledge and attitude of Iranian community pharmacists about the pharmaceutical care for epileptic females.
Pakistan Journal , 2012.
- 24- Order partitioning and order penetration point location in hybrid make-to-stock/make-to-order production contexts
Computers & Industrial Engineering, 2011.
- 25- A double blind placebo-controlled. Crossover study on the effect of MS14.an herbal – marine drug .on quality of life in patients with multiple sclerosis.
(2010)
- 26- PO10-TU-73 MS and B12 deficiency .
Journal of the Neurological Sciences. (2009)
- 27- PO10-TU-72 Misdiagnosis of vitamin B12 deficiency :a case report .
Journal of the Neurological Sciences. (2009)
- 28- MS14. an Iranian herbal – marine compound for the treatment of multiple sclerosis.
Chinese journal of integrative.(2010)
- 29- Order Partitioning in Hybrid MTS/MTO Contexts using Fuzzy ANP.(2009)
- 30-Dose- independent occurrence of seizure with tramadol.
Journal of medical (2009)
- 31-Incidence of epilepsy in school – age childerens and teachers knowledge in Birjand elementary school.(2010)
- 32- Myasthenia gravis development and crisis subsequent to multiple sclerosis
Trakia Journal of Sciences, Vol. 9, No 3, pp 31-33, 2011
- 33- Comparing Postsurgical Outcome of Patients with Intractable Epilepsy between Temporal and Extratemporal Lesions. Arthritis Research & Therapy 2012;(78):
- 34- Double-Blind, Placebo-Controlled, Clinical Study To Investigate the Safety and Efficacy of MLC 601 in Patients after Stroke. Iranian Journal of Radiology 2012;(78):
- 35- Old findings in multiple sclerosis but a new application.
Clinical Chemistry and Laboratory Medicine 2012;4(114): 411-411.

- 36- Serum prolactin level in patients with relapsing-remitting multiple sclerosis during relapse. *Toxicology Letters* 2012;4(19): 622-623.
- 37- Barking seizure: Acute episodes of barking in a 75-year-old previously healthy man. *Allergologia et Immunopathologia* 2012;4(21): 304-306.
- 38- Association between Serum 25 (OH) Vitamin D3 Concentrations and Severity of Disease in Iranian Patients with Multiple Sclerosis. *Pakistan Journal of Medical Sciences* 2012;(78):
- 39- Safety and efficacy of MLC601 in Iranian patients after stroke: A double-blind, placebo-controlled clinical trial. *Stroke Research and Treatment* 2011.
- 40- A double blind, placebo- controlled, crossover study on the effect of MS14' an herbal-marine dru, on quality of life in patients with multiple sclerosis. *Journal of Medicinal Plants Research* Vol. 3(4), pp. 271-275, April, 2009
- 41- Clinical and toxicological evaluation of MS14 natural product in patients with multiple sclerosis. en.journals.sid.ir 2007
- 42- The study of brain blood flow in ischemic stroke of middle cerebral artery by transcranial doppler sonography.
Iranian Journal of neurology, 2003 - ijnl.tums.ac.ir
- 43- The effect of hyperventilation on blood flow of middle cerebral artery in migraine without aura and control group.
en.journals.sid.ir, 2010
- 44- Alterations in cranial blood flow in MCA stroke detected by Trans-cranial Doppler sonography.
Pejouhesh, 2003 - pejouhesh.sbm.ac.ir
- 45- Association analysis of intractable epilepsy with C3435T and G2677T/A ABCB1 gene polymorphisms in Iranian patients
Epileptic Disorders, 2011 - jle.com
- 46- Association between ABCB1-T1236C polymorphism and drug-resistant epilepsy in Iranian female patients
Iranian biomedical sciences, 2010 - ncbi.nlm.nih.gov
- 47- Confirmation of R82Q mutation in g2 subunit of gamma amino butyric acid receptor in an Iranian epileptic Family
Pakistan J Biololgy, 2006 - medwelljournals.org
- 48- Lack of association between mitochondrial A4336G/haplogroup and Parkinsons disease
JOURNAL of CHINESE CLINICAL MEDICINE VOLUME 2 |NUMBER 5 |May 2007
- 49- Assessment of sensitivity and specificity of scaling exponent of quantitative electroencephalography in brain stroke detection
pejouhesh.sbm.ac.ir. 2012
- 50- Correlation between distribution of muscle weakness, electrophysiological findings and CTG expansion in myotonic dystrophy
Journal of Clinical Neuroscience
July 2014, Vol.21(7):1123–1126, doi:10.1016/j.jocn.2013.09.016
- 51- Frequency distribution of the first clinical symptoms in the Iranian population with multiple sclerosis

K Gharagozli, L Poorsaadat, AA Harandi... - Iranian journal of neurology, 2012
- ncbi.nlm.nih.gov

52- Comparing Postsurgical Outcome of Patients with Intractable Epilepsy between Temporal and Extratemporal Lesions . Neurology, 2012
Research on going

- 1- Flow changes of Middle Cerebral Arteries in Patients with TCA intoxication.
- 2- Flow changes of MCA during Pregnancy by Transcranial Doppler Study.
- 3- Role of Stem cells in Treatment Neurological disorders.
- 4- Distal latency of median nerve at carpal area during pregnancy.
- 5- Effect of Carbamazepine and Sodium Valproate on level of cholesterol and triglyceride in serum of epileptic patients.
- 6- Reseach for causes of discontinuing of medication among Patients who are under treatment with Carbamazepine .
- 7- Lamotrigine and its side effects among patients with Epilepsy .
- 8- drug tolerance and adherence among epileptic people
- 9- pregnancies outcome in epileptic women
